

Systems : Latest Technology, Innovation and Improvisation

Dust Handling System :

Slide Gate

Rotary Air Lock

Double Cone Valve

Screw Conveyor

Pug Mill

Complete Design, Drawing,
Supply and Supervision of
Commissioning

Dust Extraction and Fume Extraction Systems :

- Sinter Plant Dedusting System
- Coal Handling Plant Dedusting System
- Electric Arc Furnace Fume Extraction Systems
- Submerged Arc Furnace Fume Extraction Systems
- Bio-mass Briquette Fired Furnace Fume Extraction System

IMPETUS

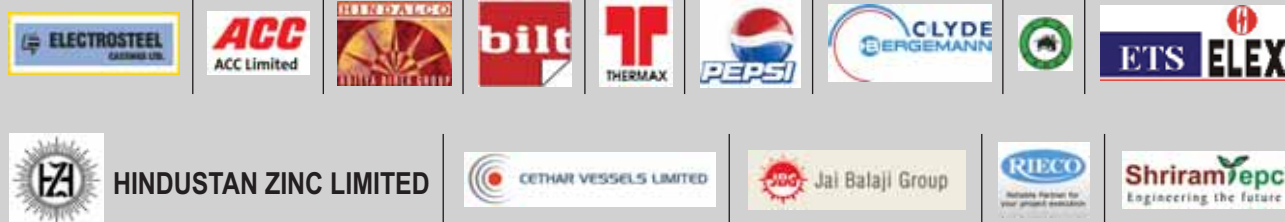

AIR POLLUTION MITIGATION

- Electrostatic Precipitator
- Bag Filter
- Dust Disposal
- Dust Extraction
- Fume Extraction

Journey in Air Pollution Mitigation

Products : Testimony to Best Quality

Discharge Electrodes :

Wire Type

Rigid Multipeak Type

Nail Type

Ribbon Type

High quality and accurate finish

Uniform corona and long life

Rapper Assembly :

Rapper Coil, Plunger

Rapper Rod

Insulator Rod

Boot Seal/ Clamp

Adaptor

Strict quality control of inputs help us to achieve best quality of end product

Products : Committed to Reliability and Accuracy

ESP Internal Parts :

Hammer

Shock Bar

Anvil

Pin Wheel

Insulator

Accurate Fitment and Conformance to original quality make replacement reliable and ensures long life

Bag Filter Components :

Filter Bag

Bag Cage

Solenoid Valve

Controller

Ventury

If requested specification of Bag, Cage, Ventury etc. are reviewed w.r.t application
